Key Economic Concepts:

Brief Description:

Learner Objectives:

Students will practice their math skills:

- How many residents at the Center
- How much money needed
- How much money/student
- Counting out the cookies/carnations

Introduction:

Materials Needed:

Ingredients needed: cookie cutter, sprinkles, rolling pin, plastic wrap. We will use the school kitchen.

Audio/Visual Equipment Needed:

Lesson Outline:

Students will work jobs for money to buy real carnation flowers for the people at the Senior Citizens' Center on Valentine's Day.

Parents volunteered to let the children work for money so they can buy the flowers themselves.

Parents donated the cookie dough.

Students roll, cut out heart shapes, decorate, bake and individually wrap cookies.

Teacher will purchase, pick up flowers.

Delivery date--February 14th.
