

WILLIAMS COUNTY 4-H ANIMAL PROJECT RECORD

Beef, Dairy, Goat, Horse, Poultry, Rabbit, Sheep, Swine,

4-H member

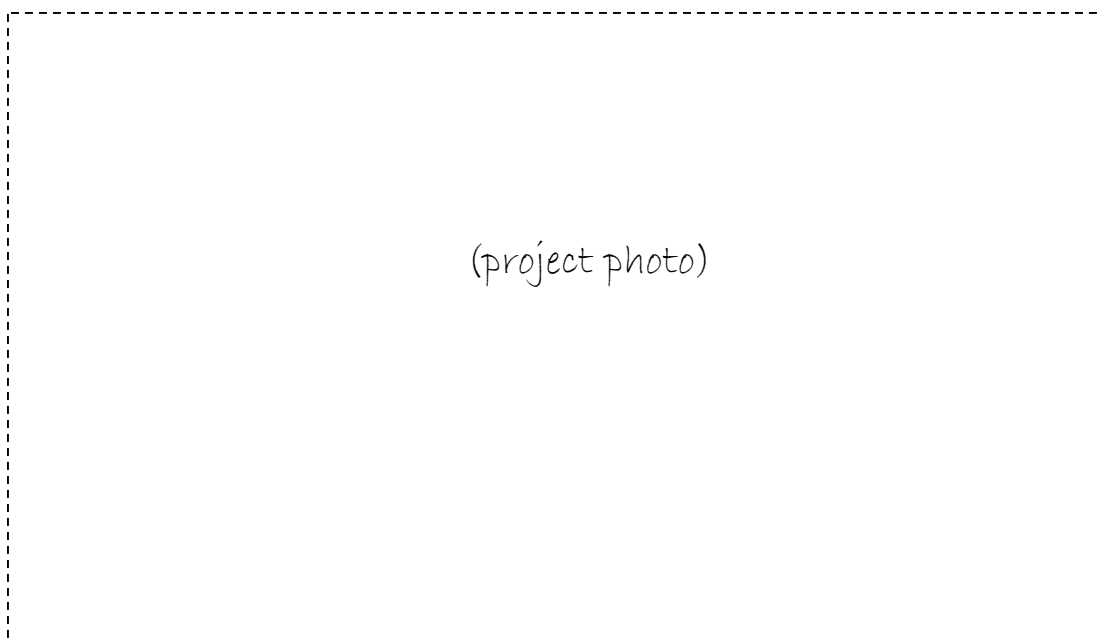

Project _____

Name _____ Club _____

Age _____ Years in the project _____ Years in 4-H _____ Date project started ____/____/____

Parent's name _____

Address _____

Caption _____

Objectives

In the market animal project, you will learn:

1. Parts of your market animal
2. Wholesale meat cuts
3. Retail cuts
4. Importance of livestock production
5. How to select a good animal
6. How to feed and care for your animal
7. How to keep records
8. How to groom your animal
9. Showmanship skills
10. How to compute average daily feed fed/pound of gain

You may not reach all of
your objectives in one year.

You may develop
additional objectives
to fit your needs.

My objectives for my market animal project:

11. _____
12. _____

Market Project Information

(Fill in the following information where applicable)

Number of years in market project _____

Number of animals in market project _____

Goals of this project _____

Sex	Animal ID Number	Date Purchased	Breed	Birth Date
Male	8613	Oct. 1, 2009	Angus X	3/1/09

Health Record

(Include all vaccination/injections, dehorning, foot trimming, etc.)

Date	Description of Problem or Action	(A) Cost	Date	Description of Problem or Action	(B) Cost
6-1-09	Vaccination: overeating	.25			

1. Health cost total column (a) \$ _____ Health cost total column (b) \$ _____
2. Total health costs: (line 1 columns a + b) \$ _____

Market Animal Feeding Summary

Animal ID Number	BEGINNING		ENDING		Total Days On Feed	Average Daily Gain (1)	Feed/lb Gain (2)	Cost/lb Gain (3)
	Date	Weight	Date	Weight				

- 1) Average Daily Gain = Ending weight minus beginning weight divided by total days on feed.
- 2) Feed/lb of Gain = Total pounds of feed (from all feed sheets, divided by total pounds of gain)
- 3) Cost/lb of Gain = Total cost of feed (From all feed sheets, divided by total pounds of gain)

Total Pounds of Gain = Ending weight minus beginning weight _____

Feeding Period Sheet

(To be completed for all animals)

Date Feed Period Started: _____

Ended: _____

Total days of this feeding period: _____

Animal weight at the beginning of the feeding period: _____

Feed	(A) lbs. Feed Per Day	(B) Cost/lb. of Feed	(C) No. of Days Fed	(D) Total lbs. Fed	(E) Total Cost
Corn	8	.05	87	696	34.80
rabbit chow					
TOTALS	(A)	XXXXX	XXXXX	(D)	(E)

In this section include all feeds, minerals, vitamin and protein supplements. If you are feeding more than one animal the same ration, use one feed sheet. (For example: multiple rabbits or poultry. Non-market animal projects)

NON-FEED EXPENSES

List all expenses for this 4-H year including, but not limited to: Loan interest, travel expense (transportation, lodging) equipment & show supply purchases, show entry fees and misc. Expenses. Anything related to your project that cost money. Begin with the purchase price of your animal, if you purchased it this 4-H year. Use an additional sheet if necessary

Date	Paid to	For	Amount
6/1/09	Williston Saddlery	Clippers	150.00
6/15/09	Williston Saddlery	Show supplies (adhesive, etc.)	40.00
9/1/09	Dad	interest: \$560 x 9% for 330 days	45.57
TOTALS			\$
