

Thank you for your interest in planting trees!

The North Dakota Forest Service (NDFS) offers technical assistance to rural landowners wishing to establish new tree plantings on their property. Generally these plantings are “conservation plantings” in the form of farmstead windbreaks, field shelterbelts, block plantings for wildlife, or riparian plantings along waterways.

To begin the process, please complete the questionnaire below and submit the completed form to your local NDFS field office.

Landowner(s) Name _____

Daytime Phone _____

Landowner Mailing Address _____

Landowner E-mail Address: _____

Legal Description of Property

County _____ Quarter _____ Section _____ Township _____ Range _____

1. Have you ever planted trees in the past? Yes No

If Yes, please describe:

2. What is your goal for this new tree planting? (Circle all that apply)

Wildlife Habitat

Aesthetic Qualities

New Windbreak

Streambank Stabilization

Windbreak Renovation

Forest Products (timber, Christmas trees, fruit)

Other:

3. Do you have any soil erosion problems you would like to correct (gullies, slumping, etc.)?

Yes No

If Yes, what, if anything, have you tried in the past to reduce these problems?

4. Please list any other information that might be valuable in developing your planting plan.

Attach an aerial photo with the planned tree planting areas visible and clearly marked. A FSA/NRCS photo or any aerial photo freely available online is acceptable. Please don't substitute a plat map for the photo.

Mail this complete questionnaire to the NDFS Field Office closest to you:
