Help wanted for beet harvest in the Casselton ND area (25 minutes west of NDSU). Beet harvester operator needed for the noon to midnight shift, flexible on these hours. Must have tractor driving experience and be comfortable working with large equipment.

Harvest normally lasts about 2 weeks weather permitting. Newer John Deere tractors and Amity 8 row harvester we will train and offer good pay. Pre-pile begins for us on Sept. 17 with full harvest starting Oct. 1. Call John Buchholz at 701-361-9921 or Buchholz Seed Farm 701-347-4058.
