Golden Bison Consolidated  
Director, Ranch Operations  

PRIMARY OBJECTIVE OF POSITION  

To direct and oversee multiple bison cow/calf and feeding & growing locations overseeing operational policies, objectives and initiatives resulting in smooth operation of processes, maximization of animal health and performance, and minimization of animal stress.

MAJOR AREAS OF RESPONSIBILITY  

1. Responsible for day to day operational activity of company owned and third party contract operations for both cow/calf and feeding and growing activities.

2. Responsible for evaluating and documenting current and proposed protocols, processes and procedures focused on animal health, animal performance, and ranch performance and quality.

3. Work directly with Animal Health Manager to establish animal health objectives and management of local attending third party veterinarian services.

4. Lead and direct the ranch managers of company owned operations.

5. Establish, manage, and validate protocols and performance of all animal operations.

6. Actively participate in annual operating budgeting process including capital project budgeting.

7. Responsible for preparing monthly cash requirements by operation.

8. Responsible for capital project management and follow through including time and cost objectives.

9. Actively participate in vendor sourcing and contracting for animals, forage, and feed supply and other related materials.

10. Oversee animal movement of inbound and outbound shipments from third party sources, inter and intra company operations, and to slaughter utilizing third party vendors and in-house livestock transportation.
