

ENTRY-LEVEL GRAIN MERCHANTISER IN SOUTHERN ND: A very progressive and profitable grain company is seeking an entry-level Grain Merchandiser to merchandise grain for two of their smaller locations in southern ND. These two locations total 5mm bushels of grain. They are looking for someone they can train and grow with the company - someone fresh out of school would be fine as long as they have worked grain merchandising-related internships...this company has almost zero turnover. Corn, spring wheat, soybeans and edible beans are the crops this individual will focus on. This company prides themselves on state of the art equipment and facilities and has grown leaps and bounds over the past few years.
