

Join a Progressive Industry Leader

Live Production Field Specialist

Our company is a progressive and dynamic turkey growing operation and one of the largest turkey processors and marketers in the world. Our highly competitive market place coupled with our fast-paced growth and expansion of our farming operation makes this career exciting and satisfying.

Work closely with Independent Turkey Growers to maximize production, create innovative solutions through flock performance analysis to increase efficiencies, audit facilities for company compliance, foster relationships within the agricultural industry, local communities and regulatory agencies, and assist in feedlot permitting.

Successful candidates will have an understanding of Live Production husbandry practices and basic building construction and operation, knowledge on Federal, State and Local permitting, well-developed written and verbal communication skills, strong problem-solving; interpersonal skills; and decision-making ability and proficiency with Microsoft Office. Weekly travel of 3-5 days is required. Preferred qualifications include: Bachelor's degree in a related discipline with agricultural background and understanding of government regulatory requirements for Live Production.

Excellent pay and benefit package including health, dental, vision, life & disability insurance, vacation, 401K, pension, profit sharing, continuing education, and much more. **Benefit Eligibility within 31 days and relocation assistance provided to eligible participants.**

Qualified applicants should submit a resume and the application found on our company website <http://careers.jennieo.com/careers/ApplyNow> by April 6, 2012 by email to jocareer@j-ots.com, fax to 320-214-2885, or postal mail to Manager, Corporate Office Human Resources, Jennie-O-Turkey Store, PO Box 778, Willmar, MN 56201.
