New Animal Sciences Clothing Available for Order

New NDSU Animal Sciences gear is available for order! You can see a full list of available items at the main desk (Hultz 102). You should have also received a listserv email from Megan Nelson. Orders are due September 27 by 5 pm with payment (cash or check). Completed order forms can be dropped off with Megan in Hultz 128, or with Jessica Rose in Hultz 102.
Ireland Study Abroad Presentations

There were two opportunities for interested parties to hear students present on their Ireland study abroad experiences from last summer. The students shared personal highlights from the trip, discussed what they had learned, and reflected on how the experience has affected their global perspectives of the equine and agriculture industries.

Career Fair Prep Event Held

Department of Animal Sciences majors and minors were invited to take part in a career fair prep night on September 25th. Industry professionals were on hand to give advice on:  ❖ How and why to research a company  ❖ Attire and dress -- Career Fair do's and don'ts  ❖ Interview etiquette  ❖ How to approach and follow up with an employer

The event was held in preparation for the Agriculture and Agribusiness Career Expo being held on September 26th.
Poultry Panel

Students were invited to a poultry career networking event, held at Shepperd Arena on September 25th. They had a chance to visit with employees working in a number of poultry-related industries (from ag communications to veterinary medicine), talk with NDSU alumni working in these fields, and explore how to obtain paid internships and employment opportunities.

Seminars

DeMetris Reed

Post-mortem methods to improve meat palatability

(September 26, 2017)

Dr. David Buchanan

Inbreeding in Thoroughbred Horses: Is it a problem?

(October 3, 2017)
Upcoming Events

ANSC Out and About

NDSU BBQ Bootcamp was on-hand for tailgating at the Bison / Robert Morris game this past weekend! The Bison won and I'm sure the food was amazing...a great Saturday across the board!

Spotlight On...Visitors!

On September 15, Dr. Lardy and Dr. Berg hosted two professors from Nanjing Agricultural University.

Dr. Wang Xiaochan is the Dean of the Engineering College in NJAU. Mr. Mao Weihua is the director of the HR office in the Engineering college.

The purpose of their visit was to seek potential collaboration opportunities between NJAU and NDSU.
