Week of September 25, 2011

Animal Sciences Graduate Seminar – Kendall Swanson, Coordinator
Speaker: Sajin Bae
NDSU ANSC Graduate Research Assistant

Topic: Effect of Maternal Supplementation of Dietary Lipotropes on DNA Methylation and Mammary Carcinogenesis in Rat Offspring

Date: Friday, September 30
Time: 3:00 - 4:00 p.m.
Location: Hultz Hall 104

I grew up near the ocean in Busan, South Korea. I first visited NDSU as a one-year exchange student in Biological Sciences from Fall Semester 2008 to Spring Semester 2009. After finishing my B.S. degree at Yonsei University in South Korea in December 2009, I returned to NDSU to work toward an M.S. degree under the direction of Dr. Chung Park. My current research interests are in dietary methyl nutrients, epigenetic alteration, and human disease.

Homecoming 2011 Tailgating
Date: Saturday, October 1
Time: 8:30 a.m. to 12:30 p.m.
Place: SW corn of tailgating lot

Join the BBQ Boot Camp Team and Cloverdale Foods for a tailgating party before the NDSU vs. Illinois State football game! Free food!!
Meet Krista Wellnitz

“My name is Krista Wellnitz. I grew up in Orfordville, Wisconsin. I have an identical twin and a younger brother and younger sister. I grew up on a 40-cow dairy farm where we also raised beef and a small number of swine. Throughout high school, I was active in volleyball, basketball, 4-H, and FFA.”

“I received my bachelor’s degree in Animal Science from the University of Wisconsin-Platteville in May 2011. I obtained emphases in dairy, as well as meat and livestock. I also completed two minors, one in biology and one in agribusiness.”

“I started my M.S. program at NDSU in August 2011. My major advisor is Dr. Eric Berg.”

Krista’s office is Hultz 128. Her phone number is 231-7631.
