Graduate Seminar – Rob Maddock Coordinator

Speaker: Ben Klinkner, ANSC Graduate Student

Topic: Penicillin-G Procaine Depletion from Edible Tissues of Heavy Sows

Date/Time: Friday, April 19, 2013; 3:00-4:00 p.m.

Location: Hultz 104

Ben Klinkner grew up on a small organic dairy farm in Cashton, WI. While he was in high school, he developed and managed a small farrow-to-finish swine operation which later helped fund some of his undergraduate tuition. Ben graduated from the University of Wisconsin-River Falls with a B.S. in Animal Science and a minor in Food Science in May 2011. The focus of Ben’s M.S. research is pork quality. He is assisting his major advisor, Dr. David Newman, on a National Pork Retail Benchmark Study.

Caton and Dorsam Receive Award – The Spectrum, April 8, 2013, Pg. 2

Sheri Dorsam and Joel Caton, along with 27 other NDSU faculty and staff, were chosen as recipients of this year’s Apple Polisher Award. The Apple Polisher Award is for any staff or faculty member who has made an exceptionally positive impact on the students.

Each Bison Ambassador nominates someone and is responsible for delivering one gift to the recipient each day during Apple Polisher Week. Most gifts have an apple theme. The award winners also receive a thank you note from the student that nominated them.
Congratulations!

Ryder Lincoln Gross

Born: 4/11/13 at 7:31 a.m.
Weight: 7 pounds, 1 ounce
Length: 19 inches

Parents: Megan Kortie and Nathan Gross
Sister: Trinity Gross

DAIReXNET Seminar – J.W. Schroeder

Dr. Paul Fricke, University of Wisconsin-Madison, will present a webinar entitled, “New Tools for Dairy Reproduction Programs,” on April 22, at 12:00 p.m. CST. Dr. Fricke will cover two areas of reproductive research that have investigated new tools for reproduction and conclude each with an economic analysis of data. The first new tool will be the use of accelerometer systems combined with various levels of synchronization for submitting cows for first AI service. The second tool will be new methods for non-pregnancy diagnosis coupled with strategies for resynchronization of ovulation.

Please contact J.W. Schroeder at 231-7663 or jw.schroeder@ndsu.edu if you are interested in the webinar.

Dr. Fricke received his Ph.D. degree in reproductive physiology in 1996 from the department of Animal Sciences.

Rodeo Team Results – Tate Eck, Coach

Congratulations to NDSU Rodeo Team members on their performances at the following college rodeos!

Black Hills State University, Spearfish, SD

Breakaway Roping:
- Ingrid Mlodzik – mechanical engineering major – 2nd place
- Shannah Plehal – AG economics major – 8th place
- Shelby Schields – pre-dentistry major – 10th place

Goat Tying:
- Megan Melton – range science major – 8th place

Barrel Racing:
- Jordy Rist – pharmacy major – 6th place

Bull Riding:
- Doug Garry – animal science major – 1st place

South Dakota State University, Brookings, SD

Breakaway Roping:
- Tracy Ellig – animal science major – 4th place
- Ingrid Mlodzik – mechanical engineering major – 6th place

Goat Tying:
- Tracy Ellig – animal science major – 6th place

Barrel Racing:
- Jordy Rist – pharmacy major – 7th place

Tim Flakoll Elected North Dakota Senate President Pro Tempore –
Associated Press, April 18, 2013 (photo Tri-College web site)

Fargo Senator Tim Flakoll has been chosen as the North Dakota Senate’s new president pro tempore. The job involves presiding over Senate sessions when the lieutenant governor is absent. Flakoll defeated Democrat Phil Murphy to win the job. Flakoll was first elected to the Senate in 1998.

Tim Flakoll is currently Provost of Tri-College University. Previously he was the Beef Unit Manager for the Department of Animal Sciences.

Gamma Sigma Delta Induction – Greg Lardy
The annual Gamma Sigma Delta induction ceremony was held April 11, 2013 in the Arikara Room of the Memorial Union. Gamma Sigma Delta is the honor society of agriculture. The following Animal Sciences students were inducted: Loren Baranko, Taylor Cymbaluk, Kelsie Egeland, Tracy Nelson, Ellen Nere, and Christine Nodsle. Congratulations to these outstanding students!

Kaminski to Receive Fellowship – Anna Grazul-Bilska
Samantha Kaminiski, M.S. graduate student studying under the direction of Anna Grazul-Bilska, has been selected to receive a 2013 Animal Reproduction in Agriculture Research Fellowship from the Society for the Study of Reproduction. Samantha was awarded the fellowship based on the abstract, “Progesterone (P4) Secretion is Affected by Plane of Nutrition but not Arginine (Arg) Treatment during the Estrous Cycle in Sheep.” Samantha will receive a certificate and monetary award from the society and her name will be listed in the front of the SSR 2013 program. The SSR meeting will be held in July in Montreal, Quebec.
Kiddie Days
April 9-12
Shepperd Arena
(Sponsored by S/S Club)

Fun was had by all!
