Danielson to Receive Honor – North Dakota Cowboy Hall of Fame
(http://www.northdakotacowboy.com)
Russ Danielson, Animal Sciences Emeritus Professor, will be honored with the Legacy Award from the North Dakota Cowboy Hall of Fame at their “Honor the Honorees Banquet” at their Center of Western Heritage and Cultures in Medora on Friday, June 21. An induction program will be held on June 22 at the Tjaden Terrace with entertainment and a social to follow. For additional information or to purchase tickets for the event, contact the corporate office at 701-250-1833 or the Medora Center at 701-623-2000.

Animal Sciences Clothing Clearance Sale – Casie Bass
The Animal Sciences Graduate Student Organization has a fair amount of Animal Science clothing that needs to be moved out. The clothing will be on display and available for purchase in Hultz 100A (mail room) on Thursday from 9 to 11 a.m. Most of the clothing is in large to XX large sizes. Clothing will be priced between $3 and $5. Come and check it out!

In addition, if you want to order new clothing, a color chart and order form will also be available for you to look at.

Youth Livestock Judging Camp
Animal Sciences is sponsoring a Youth Livestock Judging Camp to be held on the NDSU campus from noon on Saturday, June 1, to noon on Monday, June 3. The camp will focus on the evaluation of three meat animal species (swine, sheep, and cattle), as well as the proper techniques and terminology of oral reasons for the three species.

The camp is open to students ages 8 to 18. Students 12 and under must be accompanied by an adult for the duration of the camp. Cost is $100 per camper and $50 per adult. To register, go to the Animal Sciences web site (http://www.ag.ndsu.edu) and click on Events. For more information, contact Justin Crosswhite at 701-231-7296 or justin.crosswhite@ndsu.edu.
Global Food Production Systems Group in China

After 26 hours of travel, the Global Food Production Systems group, led by Drs. David Newman and Carl Dahlen, arrived in Beijing, China, on Wednesday, May 15. Thus far, the group has visited China University where they had the opportunity to interact with students at the university, met with a delegation of students from South Dakota State University also visiting China, and met with representatives of the U.S. Grain Council and the U.S. Soybean Export Council. The students also got to explore the Beijing Olympic Park and have tea in an authentic Chinese tea house. They visited the Lasson Canyon Nursery farm, a California-based company which has been in China for 6 years, where strawberry plants are prepared for local Chinese greenhouses. They enjoyed visiting the Great Wall of China and having a meal of the famous Beijing (Peking) Duck.

“We gained insight on the importance of the trade relationships between China and the United States and how policy put in place directly affects both countries in a multitude of ways. This experience has opened my eyes to how real the demand for American agricultural products in China is.” – Jodi Boe

Many other exciting and educational experiences await the group on their trip which runs through May 30.

For more information and photos/videos of the group, go to the Animal Sciences Web page for daily updates.
Alumni Updates

- **Jerry Buckley**, BS ‘10, Ag Economics, with a minor in Animal Science, will be the Extension agricultural educator serving Mahnomen and Norman counties in Minnesota starting this summer. Jerry has been serving as an NDSU Extension service agent-in-training housed at the Cass County Extension office in Fargo.

- **Nichole Bailey (Slack)**, BS ‘10, Equine Science, owns and manages Show Time Riding Lessons ([www.showtimelessons.com](http://www.showtimelessons.com)) at Brady Equestrian Center, Downer, MN. She also teaches equine and vet tech classes at Globe University in Moorhead, MN.

- **Mike Tokach**, BS ‘86, Animal and Range Science, has been chosen to be a distinguished professor at Kansas State University. Mike is a professor of Animal Sciences and Industry and a K-State research and Extension specialist.

- **Ben Klinkner**, MS ‘13, Animal Science, will be returning to work on his family farm in Cashton, WI.

- **Quynn Larson**, MS ‘13, Animal Science, will be going to veterinary school in the fall.

For additional Alumni Updates, be sure to check out the Alumni Newsletter at [http://www.ag.ndsu.edu/ansc/alumni](http://www.ag.ndsu.edu/ansc/alumni).

Going on Vacation?

Please let the office staff know before you leave!
