Vet Tech Club Bake Sale

The NDSU Vet Tech Club is holding a bake sale to support its activities. The Bake Sale is **Friday, February 14**, from 9:00 a.m. to 2:00 p.m. in the Memorial Union. Come out and support the club and buy some goodies for your sweetheart on Valentine's Day!

Upcoming Event – Road to Soundness Clinic

The Road to Soundness Clinic is a two-day seminar and lab for farriers, veterinarians, veterinary technicians, and horse owners about how to achieve and maintain distal limb soundness.

The seminar will feature Fonda Galbreath, DVM, and Darwin Kern, an Equine Lameness Prevention Organization certified farrier for over 30 years. Mr. Kern will discuss and demonstrate hoof anatomy and mapping of the foot for a trim, discuss common causes of foot lameness, and offer hands-on labs for farriers and veterinarians.

Dates/Time – February 19-20, 2014, 8:00 a.m.-5:00 p.m. each day

Cost – \$250 for farriers and veterinarians (includes lunch both days; \$100 deposit due by February 14), \$40 for veterinary technicians and horse owners (includes lunch both days; \$20 deposit), free to NDSU students

To Register – email fondagalbreath@gmail.com

Location – morning sessions at NDSU NCI classroom on 19th Avenue North and NDSU Dairy and Sheep Barns; afternoon labs at NDSU Equine Center

The seminar is a joint event of NDSU, Dar's Horseshoeing, and Oakes Veterinary Service.

Feeding Trial Completed at BCRC – Trent Gilbery, Unit Manager

A 112-day feeding trial was recently completed at the Beef Cattle Research Complex. Data was collected to determine if the dietary inclusion of a feed product effected the incidence of acidosis and performance of steers fed a finishing diet. The photos are of the load-out for shipment to Tyson Foods in Dakota City, NE, of the 113 animals on trial.

Photos by Trent Gilbery

“I want to thank all the students, graduate students, staff and faculty who lent their help over the course of the experiment.”

– Trent Gilbery
