Day
Month
Year

I. Plant distribution
II. Plant species diversity
III. Plant age class
IV. Plant vigor
V. Plant root distribution
VI. Amount of leaf area remaining
VII. Litter distribution
VIII. Humic layer development
IX. Soil development processes
X. Extent of soil erosion
XI. Extent of soil deposition
XII. Extent of gully development
XIII. Plant pedestal
XIV. Erosional changes of soil surface
XV. Ecological processes
XVI. Ecosystem dynamics
XVII. Precipitation infiltration

Name of Evaluator
