

K-12 Teachers – GeoFIT ‘17

“Environmental Perspectives”

August 7-10, 2017

The ND Forest Service and ND Geographic Alliance invite K-12 educators to their tenth **Geographically FIT** (*Forestry Institute for Teachers*) professional development opportunity entitled “**Environmental Perspectives**” from August 7-10, 2017. The 2-credit institute provides experiential learning and resources for curriculum planning and development and how to help foster environmental responsibility of natural resources in stewards of all ages. Educators have an opportunity to expand their content knowledge and study how geology, geography and forests can work together to minimize environmental impacts and land disturbances, as well as improve and protect surface and ground water. The four-day traveling “classroom on wheels” (charter bus) tour will include the Enbridge Berthold Station, Upper Souris Wildlife Refuge, Feland Farms, Turtle Mountain State Forest, International Peace Garden, Anishinabe Cultural Center, Towner State Nursery, and Denbigh Experimental Forest. Contact Glenda.Fauske@ndsu.edu / (701) 228-5446 or Jeff.Beck@minot.k12.nd.us / (701) 858-3063.

ND Forest Service / ND Geographic Alliance
and **Enbridge** invite you to this professional development
opportunity for 2 credits, university of your choice.
Credit: \$100 Class Fee: \$25
