Position Information
The Extension Agent will work collaboratively with a team of Extension and research professionals and volunteers to provide innovative leadership for the Adams County Extension agriculture and natural resources program. The primary duty is to teach educational programs in horticulture, agronomy/cropping systems, livestock, farm business management and marketing, community economic development and leadership and 4-H youth development to adult and youth audiences. Supervision is provided by the Extension District Director serving Adams County. This is a full-time position planning and delivering educational programs in Adams County and when appropriate, programming cooperatively in neighboring counties. This position is based in the Adams County office of NDSU Extension, which is located in Hettinger, ND.

This position includes, but is not limited to, the following responsibilities:

Educate
• Teach, deliver, and evaluate programs in horticulture, agronomy/cropping systems, livestock, farm business management/crop marketing, and 4-H youth development for adult and youth audiences. Successful Extension programs will require you to:
  - Conduct needs assessment and issues identification that result in programs based on the needs of county citizens.
  - Interpret and integrate pertinent research information into educational programs.
  - Develop expertise in a subject matter competency area, and to plan, implement and deliver educational programs on a county and/or communities-of-interest basis.
  - Evaluate and market the impact of the educational programs delivered.
• Cultivate a strong relationship with and use multiple media outlets and resources.
• Assist with 4-H youth development-based educational programs with a measurable impact on enhancing life skills of youth, adults, and volunteers.
• Provide community and economic development education relating to the agriculture and natural resources program.
• Participate in professional development experiences offered by NDSU Extension and other entities as appropriate.

Collaborate and Facilitate
• Cooperate and collaborate with local, county and state agencies, organizations and businesses to enhance agricultural leadership and programming opportunities, and utilize stakeholder input to formulate program plans to address issues that affect people throughout their life span.
• Collaborate with NDSU professionals to develop interdisciplinary programs, some of which will be delivered on a community of interest or program team basis.
• Develop and implement volunteer recruitment and provide training and management systems. This may include working with Adams County Crop Improvement Association and other groups.

Other
• Ensure compliance with equal opportunity policies.
• Perform other duties assigned in support of Extension programming.
• Some travel required.

Behavioral expectations include:
• Work ethically, with integrity, and respect confidentiality.
• Contribute to an environment of cooperative, supportive and positive working relationships with co-workers and clientele. Promote a healthy work environment and support everyone’s efforts to succeed.
• Resolve differences constructively. Use tact and courtesy at all times.
• Use effective time management. Be prompt in attendance for work and meetings and be fully engaged.
• Exhibit positive attitude, image and personal motivation. Be a professional at all times.

Minimum Qualifications
1. Bachelor’s degree in an agriculture related field (i.e. agronomy, crop and weed science, soils, livestock production, agricultural economics and/or agricultural education) or horticulture with the academic capacity to successfully enroll in a relevant graduate program in the future.
2. The ability to develop and maintain effective working relationships with colleagues, partners, and stakeholders.
3. Basic computer skills and ability to use Microsoft office programs such as Word, Excel, and PowerPoint.
4. Ability to use technology for communication, information finding, program delivery, and reporting.
5. Ability to communicate effectively, both orally and in writing, with individuals, groups and through mass media.
6. Ability to conduct oneself professionally, be self-directed in the work environment, work flexible and extended hours, extended travel required and manage time and resources (including grant writing) to efficiently accomplish the duties of the position.
7. Familiarity with various ethical and socioeconomic audiences, an interest and ability to work with people of diverse backgrounds, and a commitment to the principles of diversity.
8. Valid driver’s license.

Preferred Qualifications
1. Master’s degree in an agricultural/horticultural related field.
2. Recent Extension work experience.
3. Working knowledge of and experience with 4-H and/or other youth programs.
4. Demonstrated experience and/or knowledge of agriculture in western North Dakota, including expertise in livestock production and local cropping practices.
5. Experience in designing and delivering educational programs to others.
