Tournament Information:
The Southeast District Air Rifle Match is the second of several regional/district events conducted throughout the year in North Dakota. Address: 1807 West Main Ave. West Fargo, Red River Valley Fairgrounds, Hartl Building

Teams: For district matches, teams will consist of 3-4. The four highest scores in a county’s age division are used for the first team placing. Other teams will be placed accordingly.

Registration: Everyone must register individually. The registration is through 4-H Online. Register by March 1. If you cannot register for the event – contact us as the tournament limit may have been reached.

Coach Information:
Doors will open at 8:45 am on Sunday morning. Warm ups are not allowed except for sighting shots at the beginning of the relay. Coaches are to inspect all equipment before leaving from home or after arriving at the match site. Shooting mats and kneeling rolls will be available. You may use your own. Optics to view shots are permitted. We will not supply any shooting equipment unless approved ahead of time. We will inspect all guns.

Your time on the range must run safely and efficiently. Space is somewhat limited so we will have to be aware of range behavior. Your youth is expected to arrive 30 minutes early and be ready to go for their shooting relay. You will be required to check in at the check in table. We expect everyone to quickly be “range ready” with minimum time used.

COACHES OR PARENTS CANNOT COACH DURING THE ACTIVE FIRE, YOUTH MAY BE APPROACHED BETWEEN RELAYS ONLY. NO SENIOR AGE COACHING.

Once your relay is completed, please have the youth pack up their equipment and put it in their vehicle.

Awards:
Awards will take at least 30 minutes after your relay. The individual ribbon awards for beginners will be available immediately. Score cards will be placed on the award table when completed. The top team plaques and 5 individual medal awards in each age division will be handed out after last relay in the age division match or mailed.

Silhouette Match:
The silhouette match is a pilot match. It will be modified to a set distance to simplify the match procedure. Scopes can be used on the air rifle. We will not provide awards for this match. Please complete the post-match survey.
