

Table of Contents for Annual Report 2019

DREC #	Report	Pages
19-3092	1. Biologically Effective Management of Grazing	11
18-4029	2. Indispensable Grass Vegetation	53
18-4030	3. Indispensable Rhizosphere Organisms	91
18-4031	4. Indispensable Domesticated Graminivores	26
18-4032	5. Advanced Pasture Forage Management	55
18-4033	6. Advanced Harvested Forage Management	52
19-1176	7. The Scientific Explanation of How and Why the Twice-over Rotation Grazing Strategy is Biologically Effective Management for Grassland Ecosystems on the Northern Plains	28
20-1078i	8. Range Plant Growth Related to Climatic Factors of Western North Dakota, 1982-2019	20
