

4-H Youth Interest Survey

4-H is an organization that can help you learn about things that interest you in fun and exciting ways. It also allows you to make **FRIENDS** and work with others. Each member completes one or more projects per year. The members elect their own club officers who preside at the monthly club meetings. Each member selects and finances his/her own project.

Circle your favorite example(s) of projects: clothing (sewing), foods and nutrition, pets, vegetable garden, health, rockets, computers, electric, small engines, outdoor study, safety, child care, photography, livestock, aerospace, engineering, technology, gps. Projects are designed so that members “learn by doing.”

Are you currently a 4-H Member? Yes No

If not, would you like to become a 4-H member? Yes No

Age you can join is 5.

List your hobbies 1. _____ 2. _____

3. _____ 4. _____

Name _____

Birthdate _____ Telephone _____

Address _____

School _____

Name of Parent(s) _____
