NDSU/FSA Spring 2020 Webinar Series
Webinar #1: Conservation
Webinar Agenda

- Welcome
- Soil Health and Income Protection Program (SHIPP)
- CRP Grasslands
- Conservation Reserve Enhancement Program (CREP)
- Continuous CRP (CCRP)
- Offer Processing Through Social Distancing
- Communication Update
Conservation Programs

Available Programs and Signups:

• Soil Health and Income Protection Program (SHIPP)

• CRP Grasslands

• Conservation Reserve Enhancement Program (CREP)

• Continuous CRP (CCRP)

USDA is an equal opportunity provider, employer, and lender.
SHIPP
SHIPP

• **What:** CRP pilot program

• **Where:** 5 states in Prairie Pothole Region

• **Why:** Provide improved Soil Health and Water Quality

• **How:** Plant perennial cover that will improve soil health.
**Who:** Agricultural producers in Iowa, Minnesota, Montana, North Dakota, and South Dakota.
SHIPP Requirements

• Land must have been planted in 2017, 2018, and 2019.

• Land enrolled in the program cannot be more than 15% of SHIPP eligible land on the farm.

• Eligible land will be less productive than other cropland on the farm.

• Producer required to plant perennial cover that will improve soil health and water quality.

USDA is an equal opportunity provider, employer, and lender.
Benefits of SHIPP

• Improves the productivity of soils and soil health on a farm.

• Producers have the option to harvest seed, hay, and/or graze during certain times of the year.

• Producers can receive an annual rental payment of 50% of the weighted average soil rental rate for the SHIPP offer, using the county average rental rate for the applicable county.
Additional Benefits for Beginning, Limited Resource, Socially Disadvantaged, or Veteran Farmers and Ranchers

• Instead of the 50% annual rental payment, underserved producers, excluding gender, can receive an annual rental payment of 75% of the weighted average soil rental rate for the SHIPP offer, using the county average rental rate for the applicable county.

• 50% cost-share is available to producers in these categories for cover establishment.

USDA is an equal opportunity provider, employer, and lender.
Important Sign Up Information

• Program availability: First come first served up to 50,000 acres.

• Sign-up is March 30 through August 21, 2020

• Effective date of approved contracts will be October 1, 2020.

• Producers are encouraged to make a phone appointment with your local FSA Office as soon as possible.

USDA is an equal opportunity provider, employer, and lender.
Approved Uses

Seed Harvest:
- 25% reduction to the Annual Payment
- Not eligible to be insured or reinsured under the Federal Crop Insurance Act
- May be harvested for seed OUTSIDE the PNS

State PLOTS program:
- Acreage would be eligible for the State PLOTS program administered through ND Game and Fish

USDA is an equal opportunity provider, employer, and lender.
Approved Uses

Grazing:
- No reduction in Annual Payment OUTSIDE PNS
- Degree of use <50% of year’s annual growth

Haying:
- No reduction in Annual Payment OUTSIDE PNS

Note: Primary Nesting Season (PNS) in ND is April 15-August 1.
NRCS Seeding Recommendations

ND SHIPP Seeding

1. Producers must establish the lowest practical cost perennial conserving use cover that promotes soil health under SHIPP

2. Fair to good soils mixes might look like
   Intermediate/Pubescent Wheatgrass and Alfalfa: 50-50 for hay 70-30 for grazing

3. Saline soils might look like
   Western Wheatgrass/Green Wheatgrass with Alsike Clover: 70-30

4. Claypan soils might look like
   Western Wheatgrass/Slender Wheatgrass and Alfalfa: 70-30
NRCS Seeding Recommendations

ND SHIPP Seeding, continued

5. Good soils for late summer/fall pasture might look like Switchgrass monoculture

6. Alfalfa may not be ideal as harvest will not occur before Aug 2nd

7. Seed production - single species adapted to the soil

8. All sites require site specific mixes

Note: Cost-share for practice establishment is only available for beginning, limited resource, socially disadvantaged (not including gender), or veteran farmers and ranchers.
CRP Grasslands
CRP Grasslands

- Voluntary program that limits future development and conversion of environmental sensitive lands, such as grasslands, rangelands, and pasturelands and maintains the viability of grassland cover.

- Provides support for:
  - grazing systems, and
  - plant and animal biodiversity

USDA is an equal opportunity provider, employer, and lender.
Differences from the General CRP

• No Cropping History

• *Haying and/or Grazing or Harvesting for Seed Production is Allowed

• Is a production based program

• Will pay for fencing and Livestock water development

*Timing of some activities may be restricted by primary nesting season of birds.
CRP Grasslands Practice

Allows for:

• Production practices
• Haying, mowing and harvest of seed subject to primary nesting season
• Maintaining existing cover
• Fire pre-suppression, rehabilitation and fire breaks
• Grazing related activities

USDA is an equal opportunity provider, employer, and lender.
Authorized Cost Share Practices:

• Permanent fencing
• Ponds/Wells/Spring developments/pipelines and water facilities
• Fuel break
• Brush management
• Livestock trails and walkways
• Prescribed burning
Eligibility

Producer Eligibility:
Owned/operated land for at least 12 months prior to closing the CRP enrollment

Land Eligibility:
Must be located in an area historically dominated by grasslands and must currently be planted to a grass cover.

Ranking Factors:
Competitive process. Offers are determined by 7 ranking factors.

*Points available for beginning, socially disadvantaged or veteran farmers and a new factor for small livestock operations.

USDA is an equal opportunity provider, employer, and lender.
Important Sign Up Information

• **New changes:**
  - Signup period only March 16-May 15\textsuperscript{th}
    - Annual Signup following General Signup Periods
  - Contract period 10 or 15 years

• Offers may be modified or withdrawn anytime before the close of the signup period (May 15)

• Competitive program - ranking process

USDA is an equal opportunity provider, employer, and lender.
Resources – Grassland Fact Sheets

Explains program details, such as:

- The ranking process
- Land eligibility
- Payment rate
- National ranking and selection process
- Available practice and C/S rates
- COC determinations

CRP Grasslands and Grasslands Ranking Factor

Fact Sheets online: https://www.fsa.usda.gov/news-room/fact-sheets/index

USDA is an equal opportunity provider, employer, and lender.
CRP CREP

• **What:** CREP is an agreement between Federal and State to utilize CRP to provide a flexible and cost-effective means to address agricultural resource problems.

• **Why:** To cost-effectively use combined resources to address specific conservation and environmental concerns within a State or Region.
North Dakota Riparian Project CREP II

• The CREP II Project
  • Implemented in 16 Counties in SW ND
  • Addresses the following resource concerns:
    • water quality issues by the reduction of sediment, nutrient and other pollutants entering rivers, and
    • The enhancement of habitat and forage for honey bees
  • Establish and maintain buffers between waterbody and adjacent agricultural cropland.
  • Provide benefits for pollinators.

USDA is an equal opportunity provider, employer, and lender.
Important Sign Up Information

• **The CREP II Project**
  • Signup period for *New land only* began December 9\textsuperscript{th} and ends September 30, 2020.
  • 20,000 acres available for CREP II
  • Contract lengths - minimum of 10 with a maximum of 15 years.
  • No easements required
  • Establishment of filter strips, riparian buffers and pollinator habitat.
  • Cost-share assistance available
  • Annual rental payments
  • Incentive payments available

USDA is an equal opportunity provider, employer, and lender.
Private Lands Initiative

- The mission of the North Dakota Game and Fish Department is to protect, conserve and enhance fish and wildlife populations and their habitats for sustained consumptive and non-consumptive use.
- The Department’s Private Lands Initiative (PLI) is the primary mechanism to deliver this mission onto the private landscape.
- One of the objectives of the PLI is to provide the public with opportunities to access fish and wildlife resources on private lands. The primary goals is habitat development and hunting access - PLOTS.

USDA is an equal opportunity provider, employer, and lender.
Incentives for CREP through PLOTS

• ND Riparian Project is a collaborative project with USDA-FSA and the Outdoor Heritage Fund (OHF) which is managed by the State of North Dakota.

• The Project targets important areas for water quality, wildlife and pollinator habitat, therefore, additional incentives have been developed to encourage participation in CREP.

• Additional Incentives are derived from NDGF PLOTS and the Outdoor Heritage Fund.
Incentives for CREP through PLOTS

- **Department PLOTS payments may include:**
  - A one-time incentive payment of $100 per CREP acre enrolled;
  - Cost-share of up to 50 percent of cost to install the approved conservation practice;
    - The total of all cost-share payments, Federal & State, shall not exceed 100 percent of the producers out-of-pocket expenses.
  - Cost-share for certain management activities;
  - An annual payment for land enrolled in the Private Land Open to Sportsman (PLOTS) program. Minimum enrollment in PLOTS is 40.0 acres through CREP II
Additional CRP Incentives through PLOTS

• The Department may provide additional incentives for producers enrolling SHIPP or Grasslands CRP into PLOTS

  • Grasslands - approx. $2 per CRP acre, potential cost share for grazing infrastructure;

  • SHIPP - potential cost share for seed and incentive payments for allowing hunting access (approx. $2-$5 per acre)
Continuous CRP (CCRP)
Continuous CRP

- **What:** Voluntary program that contracts with Ag producers so that environmentally sensitive agricultural land is devoted to conservation benefits.

- **How:** Participants establish long-term, resource-conserving vegetative species, such as approved grass or shrubs/trees

- **Why:** To control soil erosion, improve the water quality and enhance wildlife habitat.
Differences from the General CRP

- Non-Competitive Enrollment Process
  - Environmental sensitive land can be enrolled in CCRP at any time starting December 9th through September 30th.
  - Exception: Expiring CRP may not be offered prior to six months before the expiration date or April 1st.

- Must have a Resource Concern in which the Conservation Practice is Needed and Feasible

- Contract effective date may be the first of the month following COC approval or deferred up to six months.
  - Exception: Acreage currently under a CRP-1 due to expire on September 30th, MUST have a October 1 effective date.
Eligibility

Producer Eligibility:

Owned/operated land for at least 12 months prior to closing the CRP enrollment

Land Eligibility:

Land must be cropland that is planted or consider planted to an ag commodity, four of the six crop years, 2012 to 2017 and is physically and legally capable of being planted in a normal manner to an ag commodity.

Eligible Practices:

Practice must be eligible and suitable to meet the specific objectives of the resource concern for the environmentally sensitive land.

USDA is an equal opportunity provider, employer, and lender.
CCRP - SAFE

• The State Acres for Wildlife Enhancement (SAFE) initiative restores vital habitat in order to meet high-priority state wildlife and water quality conservation goals.

• Through CCRP-SAFE, landowners can establish wetlands and buffers to protect soil and water health by working as a barrier to sediment and nutrient run-off before they reach waterways, streams and rivers.
CCRP – SAFE Eligibility

- To be enrolled under SAFE, land must be located within one of the six State-designated SAFE project areas: (contact your local County Office to see if you are eligible)
  - Coteau-Drift Prairie SAFE
  - Declining Grassland Birds SAFE
  - Habitat for Pheasants SAFE
  - Pollinator Habitat for Honey Bees SAFE
  - SW Sagebrush Restoration SAFE
  - Eastern ND Tallgrass Prairie Restoration SAFE

- Cropland enrolled in SAFE must meet the normal land eligibility criteria for CRP
Important Sign Up Information

- **CCRP and CCRP-SAFE**
  - Offers for expiring CRP may begin April 1st through September 30, 2020.
  - Enrollment acreage must meet the specific size and limitation according to the practice specifications.
  - Contract lengths of 10 to 15 years
  - Annual Soil Rental Payments
  - Cost-share assistance available
  - Required management without C/S
  - Emergency & Nonemergency Haying and Grazing Opportunities on eligible practices

USDA is an equal opportunity provider, employer, and lender.
Offer Processing Through Social Distancing
Call your local FSA County Office

**Step 1**
- Find your local USDA Service Center
  - [https://offices.usda.gov](https://offices.usda.gov)

**Step 2**
- Contact your local County Office by phone, indicate your desire to receive more information concerning any of the Conservation Programs.
- Provide the location of the land you are interested in enrolling. An aerial map may be requested by producers to assist in identifying the area of interest.
- Provide the best method for communication: USPS, email, text, internet applications such as TEAMS, other.
- Schedule a phone appointment in order to review your offer scenarios for enrollment once the County Office has prepared information.

USDA is an equal opportunity provider, employer, and lender.
Interactive Communication

Communication between program participations and County Office staff will be essential during this time of social distancing.

To ensure that offers for enrollment are completed based on your desired location and farming operational needs, please allow for several exchanges with local staff.

FSA Staff are available by phone to assist in answering questions, and/or preparing and processing enrollment options.

USDA is an equal opportunity provider, employer, and lender.

GovDelivery
Emails and Text Messages

No office? No problem! Receive text message alerts from FSA while on-the-go, in the field, on the tractor or even on horseback.

Subscribe to text message alerts to receive timely updates on:

- **Deadline Reminders**
- **Program Notifications**
- **Reporting Requirements**
- **Local Outreach Events**

Text ndsteele to FSANOW (372-669) to subscribe to text message alerts from Steele County.

Standard text messaging rates apply. Contact your wireless carrier for details. Expect to receive no more than two text messages from FSA each month, on average. Participants may unsubscribe at any time.

For more in-depth FSA program information, we offer our standard electronic news bulletin by email. Visit [www.fsa.usda.gov/subscribe](http://www.fsa.usda.gov/subscribe), or contact your Steele County FSA office.
