How to Apply for a WRI Grant

Step 1

Review the **WRI 2.0 Eligible Practices and In-Kind Rates** and decide which practices (from your windbreak assessment and renovation plan) you will be applying for.

Step 2

Develop your **Renovation Practices Map**. This map is very detailed and contains the exact practices and acreages that you will be applying for.

Step 3

Gather the information you will need to fill out the **Grant Application**.

- ⇒ Renovation Practices Map
- ⇒ Approved ND-CPA-4 Tree Planting Plan (if any tree planting is included in your renovation)
- ⇒ WHO will be doing the work? You'll need to decide if you will do the work yourself or will be hiring contractors. Written estimates from contractors are highly encouraged.

Step 4

Fill out the **WRI Budget Worksheet** using the amounts from your Renovation Practices Map and cost estimates/in-kind rates.

Step 5

Complete the **WRI Grant Application** and submit with required attachments before the **Deadline**.
