

# North Dakota Junior Master Gardener Program Grants

## 2020 Grant Application

Project name: Towner County Community Outreach Garden

County: Towner

Project Coordinator: Lindy Berg

Lead Organization: NDSU Extension – Towner County

Address: PO Box 547  
Cando, ND 58324

Telephone: 701.968.4362 Email: [lindy.l.berg@ndsu.edu](mailto:lindy.l.berg@ndsu.edu)

Location of Garden: Corner of 5th Ave and Hwy 17 in Cando

**1. Briefly describe your garden project including its major goals. Please include a description of activities. (150 words or less)**

Our community garden is set up as a learning tool for children. We invite kids from the summer reading group to help with planting, and have kids and adults help us throughout the summer and learn about care, watering, and different weeds. It creates a good environment for teaching the benefits of nutrition, physical activity, relations, cooperation, giving, and responsibility. When we sell produce in the fall, we donate 100% of the proceeds to the Cando Area Food Pantry.

We are also hoping to set up a beautification project by sectioning off a piece of the garden to create a relaxation piece. We will invite the kids to plant flowers and they will learn the varieties of flowers and such to create a stress free place where people can sit and relax and enjoy the garden.

**2. How will your project make a difference to its children? (150 words or less)**

Some of the children who participate would not have the opportunity to otherwise learn where their food comes from. Unfortunately, some children believe it just appears at the grocery store. We also send produce home with children, some of whom do not have access to fresh fruits and vegetables.

**3. How will your project make a difference in your community? (150 words or less)**

It gives our community an opportunity to help those in need. We encourage adults to help us and work the children as mentors. Again, we donate excess produce and all proceeds to the Cando Area Food Pantry.

**4. Please estimate the number of participants directly involved in the project:**

Young children (3–12 years old): 50

Teens (13–17 years old): 10

Adults: 5

**5. Briefly list any partners** (such as 4-H, FFA, school, church, garden center, parks department) that are involved. **Briefly describe their roles in the project.** Be very brief.

4-H (Projects and sale for food pantry), School (Classroom will be planting etc.), NRCS (Earth team volunteers) (Help with projects and garden tasks), FSA (help with projects), Towner County Soil Conservation District (helping put on projects and activities), Veterans Services (take care of part of the garden and help keep it weeded and looking nice).

**6. Budget**
