NDSU EXTENSION

EXTENDING KNOWLEDGE >> CHANGING LIVES

Kidder County Ag News

County Agent Corner

Welcome to the first installment of the Kidder County Ag Newsletter! I decided to start this monthly email to keep people up to date on what is happening in the county and state in regards to agriculture education. With COVID many of our traditional face to face meetings, conferences and expos have been canceled. However there are many online virtual opportunities available for you to take advantage of from your home, or even from your smart device while you're out in the tractor.

Wishing everyone Happy Holidays!

Penny Nester

Each week NDSU Extension's agriculture and natural resource specialists and agents gather the latest information on crops, livestock, natural resource management, horticulture and ag economics and send it to your email inbox. We invite you to [subscribe](#) today.

Wild World of Weeds Workshop

[Subscribe](#)[Past Issues](#)[Translate ▼](#)

weed control and herbicide research conducted by NDSU faculty. Topics of interest include major challenges in weed control such as resistant weeds, Palmer amaranth, dicamba injury, and other issues. The workshop will offer up to four (4) CEU credits for continued Certified Crop Advisor training.

The workshop is open to all, but participants [MUST pre-register and pre-pay](#) for information and links to login to the workshop.

Monthly Agriculture Markets Webinar Series

Agricultural producers, agribusinesses and others who want to know more about current and expected market conditions and their impact on North Dakota's economy will be able to participate in monthly webinars presented by NDSU Extension. The one-hour webinars will begin at 1 p.m. Central time. Scheduled dates for the next 6 months are:

- Jan. 14, 2021
- Feb. 11, 2021

[Subscribe](#)[Past Issues](#)[Translate ▼](#)

- [May 13, 2021](#)
- [June 10, 2021](#)

Webinar topics will vary month to month, but each will include coverage of the agricultural economy, farm financial conditions, and crops and livestock markets. Farm program updates also will be covered as they are announced. Participants will have an opportunity to ask questions at the end of each webinar. Participants are required to sign up for each webinar separately. For more information [click here](#).

“Sound Ag Advice” a podcast presented by NDSU Extension, features specialists and staff talking about current crop, economic and livestock issues.

NEW! ND Custom Rates for 2020

[North Dakota Custom Rates](#) Part I & II - Early & Late Season Operations have just been released by NDSU. This report is the result of recent surveys sent out by the USDA's National Agricultural Statistics Service. The publication is released every 4 years, the last addition was in [2016](#).
