Jessie Veeder, Watford City

Rancher, Song Writer, Singer and Writer

Jessie has been a symbol of folk music in the badlands of Western ND since she released her first album, **This Road**, when she was 16. Veeder's lyrics swell with references to her own life experiences growing up on a working cattle ranch in the rugged land of Western ND. Veeder's ability to captivate audiences with stories of her love for the landscape, the culture and the people of small town America is what pulls at the heartstrings of audiences across the globe and made her 2005 release **A Place to Belong** a success.
