Horticulture Internship Opportunity

Perham Health, located in Perham, Minnesota, is seeking a horticulture/grounds summer intern.

The primary role of the position is to assist with all responsibilities involved with the horticultural maintenance and care of annuals, perennials and shrubs on our four campuses. This requires the ability to recognize and perform best horticultural practices, including pruning and maintenance of flowers beds, shrub gardens, etc.

Secondary responsibilities include assisting with lawn care and weed control. Must have the ability to operate grounds equipment. Training will be provided.

The internship is 40 hours per week, daytime hours, from approximately May through August 2018.

About Perham Health: Perham Health is a 25-bed Critical Access Hospital located at 1000 Coney Street W, Perham, Minnesota, with three primary care clinics, a 96-bed nursing home, home care agency, adult day services, memory care assisted living and senior housing. The medical staff consists of 26 physicians, 11 advance practice providers, and three chiropractors.

How to Apply: Please send resume including the names and contact information of three references to catlin.kersting@perhamhealth.org with Horticulture Intern as the subject line.
