Nutritious After-school Snacks!

Julie Garden-Robinson, Ph.D., R.D., L.R.D., Food and Nutrition Specialist
Sarah Rommesmo, Former Program Assistant

Home Alone
According to a 2005 national survey, 17 percent of children in kindergarten through eighth grade spend time alone after school. When children are alone, they usually help themselves to a snack. Being independent is desirable, but when choosing healthful snacks, kids often need a little help. If a box of cookies is sitting next to a box of raisins, chances are they will grab the cookies and run.

Chips, cookies, candy and cake are among the most frequently chosen snack foods, according to a national survey done by the U.S. Department of Agriculture. In fact, snacks make up about 20 percent of daily calories among children ages 6 to 11.

Filling the Gaps
The average 6- to 11-year-old eats about half the recommended amount of fruits and vegetables in a day, and 45 percent of children eat no fruit on a given day, according to the National Center for Health Statistics. Snack time provides the perfect opportunity to include more fruits and vegetables in their diets. Keep track of what your child eats for a few days and compare that with the recommendations at www.choosemyplate.gov. You can print a sample plan based on age, gender and physical activity. If you notice your child is lacking certain food groups, plan snacks that will help him or her meet his or her daily needs.

Sample MyPlate Plan
Female  Age: 8  Activity: 30 to 60 minutes/day
Grain Group.......................... 5 ounces
Vegetable Group.................. 2 cups
Fruit Group ......................... 1½ cups
Dairy Group ......................... 2 cups
Protein Foods Group.......... 5 ounces

100-Calorie Snack Options
Eating too many calories is easy to do if you don’t know what the portion is supposed to look like. These snacks each contain about 100 calories:
- Half an apple with 2 teaspoons of peanut butter or sunflower seed butter
- 10 almonds or cashews
- Half an English muffin with 1 teaspoon of peanut butter or sunflower seed butter
- Thirteen plain animal crackers
- Half cup of toasted oat cereal with a half cup of skim milk
- One cup of raw carrots with 3 tablespoons of nonfat dressing
- 10 grapes with 2 tablespoons of cream cheese fruit dip
**Plan Healthy Snacks**

Providing nutritious snacks doesn’t have to be expensive but you may need to do some planning to make them readily available for your child.
- Plan snacks with your child so you buy things he/she likes and actually will eat.
- Involve your child in grocery shopping. Let him/her pick out one new fruit or vegetable or other nutritious food to try each time you shop.
- Make snacks that require more preparation the night before so they are ready to go when you need them.

**Make Fruits and Veggies Fun**

Getting kids to eat fruits and vegetables can be difficult. Make snack time fun. For example, provide a variety of cut-up fruits and vegetables and let your kids create their own kabobs. You also may want to try serving vegetables with low-fat dip to make them more appealing.

**Beverages Count**

Liquid calories can add up quickly. One can of soda pop has up to 170 calories and no nutrients. Replace soda pop with healthier options, such as water, low-fat/fat-free milk or 100 percent juice. These provide children with the nutrients they need to grow and develop properly.

Don’t overdo juice, though. Stay with 4 ounces as a serving size.

**Try these simple, healthy snack ideas from each MyPlate food groups:**

Fun and Easy Recipes

Here are some recipes your kids will have just as much fun preparing as eating.

Guide to abbreviations:
c. = cup
Tbsp. = tablespoon
tsp. = teaspoon
g = gram

Mini Pizzas
1 English muffin
2 Tbsp. tomato sauce
Diced peppers, onion, or other topping
2 Tbsp. shredded mozzarella cheese
1. Preheat oven to 350 F.
2. Spread tomato sauce on English muffin.
3. Add toppings.
4. Bake until cheese is melted.
Makes one serving with 180 calories, 3.5 g fat, 10 g protein, 28 g carbohydrate, 1 g fiber and 310 mg sodium.
Source: http://homeparents.about.com

Pretzels
1 Tbsp. yeast 1½ c. flour
½ c. warm water 1 tsp. salt
1 tsp. honey
1. Preheat the oven to 325 F.
2. In a small bowl, combine yeast, water and honey and let sit for five minutes.
3. In a medium bowl, mix flour and salt together.
4. After five minutes, add the yeast mixture to the flour and salt and mix well. (Mixture will be slightly crumbly and flaky.)
5. Place the dough on a cutting board and knead it into a big ball.
6. Break off 12 pieces of dough about the size of a big gumball and roll each one into a skinny snake.
7. Twist the dough into a pretzel shape (or any shape you want).
8. Bake for 10 minutes and let cool.
Make 12 servings. Each one-pretzel serving has 50 calories, 0 g fat, 2 g protein, 11 g carbohydrate, 0 g fiber and 190 mg sodium.

Favorite Pumpkin Bread
3½ c. flour
2 tsp. baking soda
1½ tsp. salt
2 tsp. ground cinnamon
1 tsp. ground nutmeg
2 c. brown sugar
1 c. canola oil
4 eggs
2 c. canned pumpkin
1. Preheat oven to 325 degrees. Spray two loaf pans (9- by 5-inch) with canola baking spray.
2. In a large mixing bowl, combine all ingredients until just blended.
3. Pour batter into pans and bake for about one hour and 15 minutes. Cool on wire racks.
Make 24 servings. Each serving has 220 calories, 10 g fat, 4 g protein, 31 g carbohydrate, 1 g fiber and 260 mg sodium.

Quick Tip:
Make this recipe on the weekend so it’s ready for quick snacks.
Vegetable Dip
1 c. cottage cheese
1 c. low-fat plain yogurt
1-ounce package ranch-style dressing mix
1. Put ingredients in a blender.
2. Blend on medium speed for about 30 seconds or until mixture is smooth.
3. Serve with assorted vegetables.
Makes eight servings (¼ cup per serving).
Each serving has 120 calories, 1 g fat, 5 g protein, 5 g carbohydrate, 0 g fiber and 500 mg sodium.
Source: Penn State Cooperative Extension

Easy Bean Dip
1 can refried beans (no fat added)
¼ c. salsa
1. Mix beans and salsa together.
2. Microwave until heated through.
3. Serve with crackers or veggies.
Makes five servings (¼ cup per serving).
Each serving has 70 calories, 0 g fat, 4 g protein, 13 g carbohydrate, 0 g fiber and 410 mg sodium.

Fruit Dip
2 c. low-fat sour cream
1-ounce package sugar-free instant vanilla pudding mix
¼ c. fat-free milk
4 tsp. lemon juice
1. Whisk together all ingredients until well-blended.
2. Serve with assorted fruit.
Makes eight servings (¼ cup per serving).
Each serving has 70 calories, 4 g fat, 4 g protein, 5 g carbohydrate, 0 g fiber and 180 mg sodium.
Source: Penn State Cooperative Extension

Simple Snack Mix
1 c. whole-grain cereal
¼ c. dried fruit of your choice
¼ c. nuts (walnut pieces, slivered almonds, pistachios)
¼ c. small whole-grain snack crackers or pretzels
1. Place all ingredients in a large zip-close baggie or storage container.
2. Shake it up.
Makes three servings. Each serving has 180 calories, 7 g fat, 4 g protein, 26 g carbohydrate, 1 g fiber and 250 mg sodium.
