Dear Ms. Herbel and NDSBRE,

Thank you for the information regarding upcoming SBARE community input meetings. Growing up on a farm and ranch in SW North Dakota, the work of ND Extension Services and Centers were our “go to” for evidence based approaches to increasing yields, stronger stock and ND specific ag related information. I appreciate the work that ND Agriculture Research and Extension does and would be honored to assist in any way I can to assure North Dakotans have access to the invaluable research and resources you provide.

Sincerely,
Gretchen
