---

Greetings,

This email is in concern for the financial cuts that have been made for the ND Extension offices across the state. At the office here in McIntosh County ,the agents have been very helpful in providing the program needed for family, community,and wellness. At the rural schools with no more Homemaking departments the need for such programing is especially needed.

I ask that more consideration is put into keeping these offices open to help with the needs of the community's. The agents here have ben very helpful for me.

McIntosh Co. Ashley Resident, Marvel Gross
