To whom it may concern:

I am a member of the Ramsey County 4-H program in Devils Lake. I have been a member of this program for almost 10 years. The NDSU extension service in Ramsey County has very successfully maintained and innovated the 4-H program the last 10 years I have been a member, as well as years prior. They have provided vast amounts of knowledge and valuable resources to a large number of youth in my community. Personally, I have benefited from the extension service on numerous accounts including, but not limited to, camp scholarships, multiple national level leadership trips, hands on assistance leaning how to better my community, and most recently an enormous amount of assistance on my application into the North Dakota 4-H Ambassador program. With out the support and resources provided by the NDSU Extension service in Ramsey County, programs such as 4-H would not be nearly as successful, if even possible, and this would be depriving us of the potential within our community.

Sincerely,
Marit Wang
