January 8, 2018

To Whom it may Concern,

I am writing to support the programming efforts of the Family and Consumer Science offered by the Cass County Extension Service. I have recently been a participant in several of their class offerings. These include: Diabetes Prevention Program, Powerful Tools for Caregivers and a cooking class. All of these classes have provided valuable and useful information that I will use to make changes in my life.

Thank you for your time. I look forward to attending additional programs in the future.

Sincerely,

Jean Stearns
