SBARE, within the policies of the State Board of Higher Education (SBHE), is responsible for budgeting and policy-making associated with the North Dakota Agricultural Experiment Station and the North Dakota State University Extension Service.

SBARE responsibilities are to:
• Determine the causes of any adverse economic impacts on crops and livestock produced in the state;
• Develop ongoing strategies for the provision of research solutions and resources to negate adverse economic impacts on crops and livestock produced in this state;
• Develop ongoing strategies for the dissemination of research information through the Extension Service;
• Implement the strategies developed under bullets 2 and 3, subject to approval by the SBHE;
• Develop, with the North Dakota Agricultural Experiment Station and Extension Service, an annual budget for the operations of these entities;
• Develop a biennial budget request and submit that request to the President of NDSU and the SBHE;
• Maximize the use of existing financial resources, equipment and facilities to generate the greatest economic benefit from research and extension efforts and to promote efficiency;
• Annually evaluate the results of research and extension activities and expenditures, and report the findings to the Legislative Council and the SBHE;
• Advise the President of NDSU regarding the recruitment, selection and performance of the Vice President for Agricultural Affairs, the Extension Service Director and the Station Director; and
• Present a status report to the budget section of the Legislative Council.
