

**NDSU Extension Small Business Assistance Office
Participant Research Survey
November, 2012**

During the past year you have received educational information from the NDSU Extension Service Small Business Assistance program. In order to enhance our efforts and continue to provide you with useful materials, we would like to ask you a few questions. Completing the research survey should take no more than 10 minutes.

You do not have to answer any of the questions. You can also skip any question if you wish. You will continue to receive the same information and services as before. Your information will be anonymous with no name or place identifiers. Your name is not attached to this data in any way. I will be the only one with access to the answers.

Data collected is to be used primarily for program enhancement. Any reports done from the information received will be done using aggregated data only. Reports done will focus on program performance. There are no foreseeable risks to your involvement.
