Application Deadline: January 15th

Ward County Ag Improvement Association (WCAIA) is a non-profit organization supported by member dues, certified seed grower membership and check-offs from the seed increase program. WCAIA actively supports research, extension and educational programs at NDSU and throughout the state. We encourage the development and implementation of practical and scientific crop production practices. An annual agricultural education event is held in January each year. We sponsor various youth activities such as the 4-H achievement day awards.

*Annual availability of these scholarships is contingent upon the approval of WCAIA Board of Directors.
